More Quilt Information

Comforters: Usually made from heavy weight materials and put together by knotting or large stitches.

Quilt Storage: Quilts should not be stored in plastic, as the plastic does not allow them to breathe and they will yellow. Instead, use an old pillowcase or sheet.

Speed Quilting: Speed quilting differs from regular quilting in that small "x" stitches are made at the corners of each piece. This method is most commonly used when a quilt top is entirely pieced, not where large pieces of fabric have been left blank for quilting a design.

Quilt Top Descriptions:

Appliquéd: Pieces of fabric are sewn onto the background fabric to form a design.

Embroidered: Quilt top's design is formed by embroidery.

Pieced Patchwork: Pieces of cut cloth are sewn together to form a design.

Whole Cloth: The quilting forms the design on a piece of fabric, usually a solid color.

Pre-Printed Fabric: A printed design on the background fabric, giving the appearance of being pieced or appliquéd. The printing is done at the fabric mill.

Pre-Quilted Fabric: Machine quilted at the mill.

Quilt Size Information

	Standard Mattress Size	Suggested Quilt Sizes
Crib.....	27 x 51	40 x 60
Twin.....	39 x 75	75 x 107
Full.....	54 x 75	90 x 107
Queen.....	60 x 80	96 x 112
King.....	76 x 80	112 x 112

The suggested quilt sizes reflect an 18" drop on 3 sides and a 14" pillow tuck.

Special Thanks!

An event like this requires much time and effort from many people and we say a special thank you to each of them. Without the support of donors, volunteers and buyers the Relief Sale would not be possible.
