## More Quilt Information

**Comforters:** Usually made from heavy weight materials and put together by knotting or large stitches.

**Quilt Storage:** Quilts should not be stored in plastic, as the plastic does not allow them to breathe and they will yellow. Instead, use an old pillowcase or sheet.

**Speed Quilting:** Speed quilting differs from regular quilting in that small “x” stitches are made at the corners of each piece. This method is most commonly used when a quilt top is entirely pieced, not where large pieces of fabric have been left blank for quilting a design.

### **Quilt Top Descriptions:**

**Appliquéd:** Pieces of fabric are sewn onto the background fabric to form a design.

**Embroidered:** Quilt top’s design is formed by embroidery.

**Pieced Patchwork:** Pieces of cut cloth are sewn together to form a design.

**Whole Cloth:** The quilting forms the design on a piece of fabric, usually a solid color.

**Pre-Printed Fabric:** A printed design on the background fabric, giving the appearance of being pieced or appliquéd. The printing is done at the fabric mill.

**Pre-Quilted Fabric:** Machine quilted at the mill.

### **Quilt Size Information**

	Standard Mattress Size	Suggested Quilt Sizes
Crib .....	27 x 51 .....	40 x 60
Twin.....	39 x 75 .....	75 x 107
Full.....	54 x 75 .....	90 x 107
Queen.....	60 x 80 .....	96 x 112
King .....	76 x 80 .....	112 x 112

*The suggested quilt sizes reflect an 18” drop on 3 sides and a 14” pillow tuck.*
