More Quilt Information

Comforters: Usually made from heavy weight materials and put together by knotting or large stitches.

Quilt Storage: Quilts *should not* be stored in plastic, as the plastic does not allow them to breathe and they will yellow. Instead, use an old pillowcase or sheet.

Speed Quilting: Speed quilting differs from regular quilting in that small “x” stitches are made at the corners of each piece. This method is most commonly used when a quilt top is entirely pieced, not where large pieces of fabric have been left blank for quilting a design.

Quilt Top Descriptions:

Appliquéd: Pieces of fabric are sewn onto the background fabric to form a design.

Embroidered: Quilt top's design is formed by embroidery.

Pieced Patchwork: Pieces of cut cloth are sewn together to form a design.

Whole Cloth: The quilting forms the design on a piece of fabric, usually a solid color.

Pre-Printed Fabric: A printed design on the background fabric, giving the appearance of being pieced or appliquéd. The printing is done at the fabric mill.

Pre-Quilted Fabric: Machine quilted at the mill.

Quilt Size Information

	Standard Mattress Size	Suggested Quilt Sizes
Crib.....	27 x 51.....	40 x 60
Twin	39 x 75.....	75 x 107
Full	54 x 75.....	90 x 107
Queen ...	60 x 80.....	96 x 112
King.....	76 x 80.....	112 x 112

The suggested quilt sizes reflect an 18” drop on 3 sides and a 14” pillow tuck.

Quilt Pick-Up

Purchased quilt items may be picked up at the Northwest corner of the auction hall. Please pay for all of your items first before picking up your quilt(s).

We would like to use this space to thank everyone who helped to make this 62nd annual Arthur Mennonite Relief Sale possible this year. An event like this requires much time, effort, and generous donations from many individuals, families, churches, and businesses. No matter how large or small your donation, we greatly appreciate it all. It makes a big difference in people's lives in our community and around the world.

*Thank you and God Bless!
